Meet the new generation Coral.

If you are looking for a new motorhome, it's time to meet the new generation Coral, from Adria. All-new design inside and out, setting new benchmarks for style, technology, comfort and practicality. Our best-selling motorhomes just got even better.

Adria. Inspiration for your adventures.

CORAL

EXTERIOR FEATURES

THE DEVELOPMENT STORY.

NEW CORAL, A UNIQUELY STYLISH AND PRACTICAL MOTORHOME.

The Adria development team decided to design the new generation Coral from the ground-up, covering every aspect of its appearance, functionality and performance. It's the ultimate in stylish and practicality, perfect for weekend adventures or longer tours.

INSPIRED DESIGN

Our designers managed to achieve a sleek, more aerodynamic new profile, with a new front cap design with a large integrated panoramic window. To the rear, there's a new incline with perfectly integrated air deflector, new bumper and Hella LED lights. Available in Silver body (Supreme) and Silver and White body (Plus models) using Adria's unique 'Comprex' body construction, with sporty new exterior graphics.

"This new generation motorhome raises the standards for the semi-integrated category. We reviewed every aspect of the existing Coral, with a clear view of the ownership experience we wanted to deliver. We found a new design language externally and internally, made big steps in both comfort and practicality and also brought new digital solutions to reality."

Matjaž Grm, Executive Director,
Sales & Marketing - Adria Mobil

SIGNATURE FEATURES

The new Coral includes recognizable Adria signature features, including new rear wall and LED lights, our new SunRoof® with large new panoramic window and our new technical double floor.

ADRIA EXCLUSIVE DESIGN SUNROOF®

New Adria Exclusive Design SunRoof® and large panoramic window, for 'atrium-style' living, which gives more natural light and adds the feeling of space, with shading and ventilation.

NEW PANORAMIC WINDOW

The new panoramic window is 15 % larger than before, which means a light and spacious feeling inside. Designed with integrated blinds and can be opened for extra ventilation.

NEW LED LIGHTS

New design LED multifunctional rear lights for automotive style and functionality.

ADRIA MACH

smart control mobile application is available as an option. MACH controls key functions, monitor utilities, gives access to user manuals and provides navigation data and Mobile Office functions. See www.adria-mobil.com/MACH for details

NEW DOUBLE FLOOR

The new double floor, is part constructed from recyclable composites and provides a single level floor throughout and 13 cm underfloor space. This enables integrated utilities, insulation and provides extra useful storage space.

HIGHLIGHTS:

- Sleek new exterior profile for improved aerodynamics and efficiency.
- New sleek design front cap, with integrated lights.
- New inclined rear wall with airflow diffuser, new bumper and Hella LED lights.
- Bicycle rack mount and towing hook options.

CORAL

INTERIOR FEATURES

HOME-STYLE FEELING

Coral has its own interior ambiance, thanks to the unique sun roof and the atrium-style living this brings, full of light and the feeling of space. Choose your furniture style with Cashmere or Moro (in Supreme models) and Alpine White or Naturale (Plus models).

CONTEMPORARY LIVING SPACES

Enjoy flowing living spaces in a new contemporary design.
