

Live *your* best life.

Meet the new generation Matrix.

If you are seeking a crossover motorhome, it's time to meet the new generation Matrix from Adria. This iconic and acclaimed motorhome has just raised the bar, with the new generation setting new benchmarks for style, technology, comfort and practicality. Fresh new design, inside and out, our best-selling motorhome just got even better. **Adria. Inspiration for your adventures.**

MATRIX EXTERIOR FEATURES

THE DEVELOPMENT STORY.

NEW MATRIX, THE ONLY MOTORHOME YOU'LL EVER NEED.

The Adria development team decided to design the new generation Matrix from the ground-up, covering every aspect of its appearance, functionality and performance. It's the ultimate in stylish versatility, the only motorhome you'll ever need.

INSPIRED DESIGN

Our designers managed to achieve a sleek, more aerodynamic new profile, with a new front cap design with a large integrated panoramic window. To the rear, there's a new incline with perfectly integrated air deflector, new bumper and Hella LED lights. Available in Silver body (Supreme) and Silver and White body (Plus models) using Adria's unique 'Compres' body construction, with sporty new exterior graphics.

"This new generation motorhome raises the standards for the crossover category. We reviewed every aspect of the existing Matrix, with a clear view of the ownership experience we wanted to deliver. We found a new design language externally and internally, made big steps in both comfort and practicality and also brought new digital solutions to reality."

Matjaž Grm, Executive Director, Sales & Marketing - Adria Mobil

HIGHLIGHTS:

- Sleek new exterior profile for improved aerodynamics and efficiency.
- New sleek design front cap, with integrated lights.
- New inclined rear wall with airflow diffuser, new bumper and Hella LED lights.
- Bicycle rack mount and towing hook options.

SIGNATURE FEATURES

Matrix offers Adria signature features, including new rear wall and LED lights, a large new panoramic window and new technical double floor.

NEW PANORAMIC WINDOW

The new panoramic window is 15% larger than before, which means a light and spacious feeling inside. Designed with integrated blinds and can be opened for extra ventilation.

NEW LED LIGHTS

New design LED multifunction rear lights for automotive style and functionality.

ADRIA MACH

Adria MACH smart control mobile application is available on both vehicles as an option. MACH controls key functions, monitor utilities, gives access to user manuals and provides navigation data and Mobile Office functions. See www.adria-mobil.com/MACH for details

NEW DOUBLE FLOOR

The new double floor, is part constructed from recyclable composites and provides a single level floor throughout and 13cm underfloor space. This enables integrated utilities, insulation and extra storage space.

MATRIX INTERIOR FEATURES

HOME-STYLE FEELING

The new Matrix features all-new interior design, with flowing living spaces, new softer, more integrated forms and a special ambiance. Choose your furniture style with Cashmere or Moro (in Supreme models) and Alpine White or Naturale (Plus models).

CONTEMPORARY LIVING SPACES

Enjoy flowing living spaces in a new contemporary design.

The comfortable home environment, offers great living spaces and practical features, complemented by a new selection of textiles and soft furnishings.

Always feel cosy and warm when the conditions demand it, any time of year with Adria Air Flow System, Thermo-built insulation and a choice of Alde or Truma heating. Tested to extremes in our own Climate Chamber.

“LIVE YOUR
BEST LIFE
WITH THE
NEW MATRIX”

LIVING ROOM

The new dinette with low separation wall and more comfortable seating. Foldable and rotatable table adds maximum flexibility for eating, relaxing and socializing. Seating can be turned into a bed and table can be stowed away for extra space.

MATRIX INTERIOR FEATURES

KITCHEN

Inspired by the best homes the new S Series kitchen, offers more worktop space, more storage and the best appliances. Features slim solid laminate FENIX NTM® worktop, soft-closing drawers and integrated sink and 3 burner gas stove, 142l absorption fridge. An oven and coffee machine also available.

INSPIRED SOLUTIONS

Everything has been reviewed and improved, with innovative new solutions for inspired living.

FRONT PULL-DOWN BED

The front bed is perfectly integrated with improved access, new lighting and ventilation. The bed area is larger than previous models at 1300 x 2000mm, is lighter and offers better standing height when not in use.

CONTROLLER

Adria's new digital controller is easy to use and controls all main living functions.

MULTI-MEDIA

Enjoy great entertainment with new multi-media wall, with TV holder (up to 32"), USB port and phone charging surface. New sound system kit available with exciter and subwoofer, with hidden speakers and Bluetooth® operation.

BATHROOM

New bathroom design, completely restyled for more space and comfort, including new shower with elegant and functional shower wall. Mirror with spotlights and storage throughout for personal items.

COFFEE MACHINE

Nespresso system coffee machine for perfect coffee every time. Weighing 2,3kg with removable 0.6l water tank and used container store.

STORAGE

Convex overhead cupboards with illuminated profile and easy push to open mechanism. Available in two different styles with integrated LED lighting. Large wardrobe design and kitchen with large capacity drawers and utensils track. Bathroom with storage for personal items. Large garage with minimum 120 cm height (model dependent) and two doors and 220v and 12v connectors and LED lights. Habitation door with quiet, smooth operation and multi-functional storage container.

UTILITIES

New central service area for easy utility connections and the newly located and insulated fresh water tank, with 115l volume capacity.

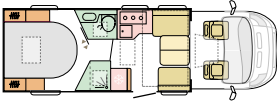

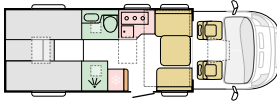

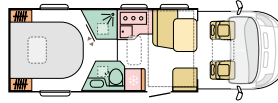

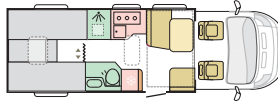

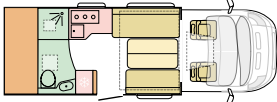

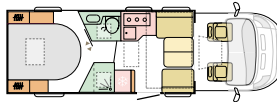

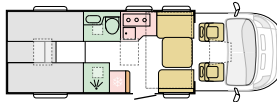

BEDROOM

Large rear bedroom in a choice of bed formats, all with higher quality mattresses. Overhead and bedside cupboards including spot lights and USB ports. Underbed and overhead storage and bedside cupboards for personal items.
